APPEARING TOGETHER AT THE AUTOMOBILE TRADE FAIR, LUKOIL AND DUNAV OSIGURANJE

On the occasion of the International Automobile Trade Fair in Belgrade, "Dunav osiguranje" has in cooperation with "LUKOIL SRBIJA", provided special discounts and benefits, which can be received at the exhibition stand, as well as at "Dunav osiguranje" branch offices throughout Serbia, said Nemanja Petrović, Director of the "Dunav osiguranje" Main Branch Belgrade 1.

"This year as well, along with insurance discounts, our two companies have decided to provide customers with fuel gift cards", Nemanja Petrović said.

Dunav and LUKOIL have prepared a gift for insurees who purchase auto Casco, mini Casco or auto liability insurance for passenger motor vehicles, with the purchase of at least two services from the "auto-bonus plus" policy. Insurees, natural persons and companies who conclude insurance for new passenger vehicles, will receive a voucher-card for the purchase of petroleum products at "LUKOIL SRBIJA" gas stations.

In this manner, with auto Casco for new, unused passenger motor vehicles, being insured for the first time by "Dunav osiguranje", the companies are giving away voucher-cards in the amount of RSD 6,000, and for auto Casco insurance on used passenger vehicles, either at the time of insurance renewal or the first conclusion of a Dunav insurance policy, the companies will give away voucher-cards in the amount of RSD 4,000, for the purchase of fuel within the LUKOIL SRBIJA retail network.

Insurees purchasing mini Casco insurance for passenger motor vehicles will receive a RSD 2,000 voucher-card, while auto liability insurance for passenger motor vehicles with the purchase of at least two services from the "auto-bonus plus" policy will entitle insurees to a voucher-card worth RSD 2,000.

The brand promotor for LUKOIL SRBIJA, Sloboda Mićalović, supported this action while at the Dunav stand, stressing the importance of connecting such projects and a responsible attitude towards safety.
