CARS & COFFEE - OLDTIMER CARAVAN STARTS FROM LUKOIL PETROL STATION

An international event *Cars & Coffee,* held for the first time in Serbia on May 19 of this year, was organized by the association of oldtimer fans *Autoslavija*. LUKOIL SRBIJA has supported a project that marries two different but, still very similar, structures connected by commitment, knowledge and a passion for automobilism. 35 oldtimers started their drive from Belgrade to Zrenjanin from the *Aerodrom* LUKOIL gas station.

At the *ECTO* camp at the gas station, LUKOIL prepared fuel for the caravan participants, while the gathering started off with breakfast and refreshments as well as the inevitable exchange of opinions and experiences on the preserved four-wheel beauties.

As the official gas station of the Volleyball Federation of Serbia, LUKOIL prepared another surprise. Special guests who made this event even more memorable were members of Serbia's senior volleyball national team, Jelena Blagojević, Milica Kubura and Bojana Milenković.
