Regional manager at LUKOIL SRBIJA, Misko Milev, presented the director of the Leskovac Center for Social Work, Predrag Momčilović, with New Year's packages for that institution's youngest proteges.

"In the name of the big smiles and the great joy of our youngest fellow citizens, we express our gratitude to the socially responsible LUKOIL SRBIJA company, for their humanity and decision to make users of social protection services happy, both children without parental care up to the age of 7 and toddlers living within their families but whose parents are unable to afford such gifts due to unfavorable socio-economic circumstances or other limiting factors. We thank you for contributing to these categories of children, so that they can feel the joy and festive spirit related to New Year's Eve and Christmas in these difficult times", said Predrag Momčilović on this occasion.

While handing over the packages, Misko Milev expressed his satisfaction at being given the opportunity to participate in this event as a representative of LUKOIL SRBIJA, an event which will bring joy to many children.

The Leskovac Center for Social Work was founded by the city in 1961, as a guardianship body and the primary institution of social protection. A team composed of 65 social workers, lawyers, psychologists, pedagogues, sociologists is working on the implementation of numerous responsible program tasks in the field of social and family-legal protection.
