BELGRADE JAZZ FESTIVAL WITH THE SUPPORT OF LUKOIL SRBIJA

This year from October 26 to 31, the 37th edition of the Belgrade Jazz Festival is being held, which at the same time marks half a century since the birth of the event, in 1971. LUKOIL SRBIJA traditionally bears the title “Friend of the Festival”, since this is one of the projects supported by the Company according to the Cooperation Agreement with the City of Belgrade.

Due to the celebration of the great jubilee, the festival will last in full format for six days, and there will be one "plus" concert in the Youth Center - a total of one week of the best contemporary jazz from all over the world in Serbia. In the halls of the Belgrade Youth Center and Kombank Hall, 25 ensembles will perform, with over 100 musicians from 18 countries, from 3 continents (Europe, North America, and Asia), with a representative presentation of the most talented young authors from the Serbian jazz scene - those who represent the future.
