LESKOVAC 2 FILLING STATION OPENS

LUKOIL Managing Director, Mr. Denis Ryupin, and Mayor of Leskovac, Mr. Goran Cvetanović, in the presence of the representatives of the City Administration, partners, media and the filling station staff, attended the ribbon-cutting ceremony at the opening of the Leskovac 2 Filling Station, 114th LUKOIL SRBIJA filling station in the Company's retail network and the second filling station in Leskovac, at the address: Vlasotinački put 16.

"Thanks to combining capital of the LUKOIL SRBIJA Company and the local LLC Frenki Komerc, the opening of the second filling station in our city, an investment worth €400 thousand, has been enabled. The new filling station will employ 10 employees, thus, in Leskovac the Company will employ a total number of 20 employees", emphasized the Mayor of Leskovac, Mr. Goran Cvetanović, and wished the Company success in its further operations.

At the opening of the new filling station, Mr. Denis Ryupin emphasized that LUKOIL SRBIJA is opening a new filling station together with its partner. "On this retail outlet site, we will sell quality products, quality oil products and provide top quality services to our customers. We wish all the best to the citizens of Leskovac and wish to welcome them in this filling station; also, we wish success to the people who will work in our filling station, our colleagues, employees. We hope that LUKOIL Company will evoke in the hearts of our customers only the most beautiful and positive response. Many thanks to the City of Leskovac and its Mayor for excellent cooperation."

Mr. Predrag Momčilović, Director of the Leskovac Center for Social Work, gave a plaque of recognition to the Managing Director of LUKOIL SRBIJA, which traditionally participated in a humanitarian action with the Leskovac Center for Social Work and donated in the past two years 200 parcels for children, wards of this institution.

On the occasion of the opening of the new filling station, until the end of February, promotional activities will be organized, whereby the branded ECTO fuel line will be cheaper by RSD 5, and the first 100 customers will be given gifts.

Equipped in accordance with the modern European standards and observing all ecological and safety requirements, Leskovac 2 Filling Station will provide top

quality fuel to its customers, among which the branded ECTO fuel line having specific characteristics that enable simultaneous maintaining the elements of the engine, greater fuel efficiency and economy. In the shop, the customers can find consumer goods: From food to car cosmetics and spare parts, as well as LUKOIL motor oils of guaranteed quality in original packaging.
