LUKOIL AND NURDOR FOR CHILDREN SUFFERING FROM CANCER

LUKOIL SRBIJA has initiated an action at its 80 petrol stations in Serbia to help the National Association of Parents of Children with Cancer (NURDOR). RSD 5 of each and every cup of Julius Meinl coffee sold at LUKOIL's stations will be allocated for the support of NURDOR.

Funds raised in this action, which will last from 20 January to 20 February of this year, LUKOIL SRBIJA will pay in three equal parts to the accounts of three NURDOR centers in Belgrade, Novi Sad and Niš. The goal of this joint action is not only fund raising, but also raising the awareness of necessary support to the National Association and their humane activities and efforts to improve the life of children suffering from cancer.
