LUKOIL SRBIJA CONTINUES THE SUPPORT OF URBAN REDEVELOPMENT

LUKOIL SRBIJA provided the financial support for the redevelopment of the park zone in New Belgrade. Total area of 6,206 m² was renovated at Bulevar Mihajla Pupina 173 in New Belgrade.

In accordance with the needs of the users, as well as the characteristics of this space and its immediate surroundings, the basketball court and the walking paths with a rest area were replanned and renovated. Rest area and a plateau with chess tables and concrete benches were installed. The lawn was replanted with grass seeds after the completion of construction works.

The redevelopment of the area also included the installation of two outdoor libraries near the children's playground and on a plateau with the chess tables. Now on local residents can exchange books from their home libraries and enjoy reading in the renovated park.

This donation is a part of the Cooperation Agreement that LUKOIL and the City of Belgrade have been nurturing since 2016 with the aim of supporting significant city projects in the fields of culture, ecology, sports, and social programs.
