REPRESENTATIVES OF A NATION WITHOUT GRAVITY - AWARD CEREMONY

General Manager Igor Semenychev, together with LUKOIL SRBIJA's brand ambassador Sloboda Mićalović, presented three main awards on the occasion of the end of the "Representation of a nation without gravity" prize game. Three cards worth RSD 100,000 for the purchase of ECTO derivatives were received by: Nemanja Vujičić, Zoran Brekić and Slobodan Maček. A voucher for the Trans-Siberian Railway went to Aleksandra Begojeva. Igor Semenichev invited Aleksandar Bjelić to join Sloboda Mićalović on a cosmic excursion in a zero gravity flight.

Expressing a desire for her to come back from this trip with only the best impressions, Igor Semenichev presented our famous actress with a special uniform for zero gravity, which was, especially for this occasion, sent from the Yuri Gagarin Cosmonaut Training Center near Moscow.

Sloboda Mićalović pointed out that her cooperation with LUKOIL is dynamic and positive, in every respect. She also said that the offer to participate in a cosmic excursion has exceeded all of her expectations, and that she is eagerly awaiting the departure for the Cosmic Center. This is a unique opportunity, thanked Sloboda Mićalović.
