Cooperation with Dunav osiguranje started in 1998. In these past two decades, the traditional insured - insurer relationship has been surpassed, becoming a relationship of friendship. The company has always had a favorable position in terms of quality and price for insurance protection and the granting of non-refundable grants. In particular, this refers to employee insurance which is, according to insurance coverage and price, far above and beyond the quality offered on the Serbian insurance market. Within the framework of our cooperation with Dunav osiguranje, we have annual, employee physical examinations organized and financed by Dunav osiguranje.
