COFFEE PREPARATION AS AN ART AT LUKOIL PETROL STATIONS IN SERBIA

A team of baristas from LUKOIL SRBIJA petrol stations completed training in the Julius Meinl training center in Belgrade. LUKOIL together with its coffee partner – Julius Meinl – aim to promote coffee culture and allow LUKOIL's customers to enjoy coffee preparation as a piece of art.

The acquired skills will allow LUKOIL's staff to serve the customers different kinds of top quality coffee drinks as well as inform about the origin and characteristics of the coffee beans they are testing. Apart from organizing the training for LUKOIL employees, Julius Meinl equipped the petrol stations with their famous coffee machines and other contributory products.

Due to modern concept of customers services and coffee shops 76 LUKOIL petrol stations in Serbia are ranked among the top-notch catering facilities.
