LUKOIL SRBIJA ORGANISED TACTICAL EXERCISE AT THE OIL STORAGE FACILITY NEAR BELGRADE

LUKOIL SRBIJA held tactical fire exercise at the oil storage facility NB Ostružnica. The training was realised in the presence of the Company management, representatives of the Ministry of Internal Affairs, Sector for Emergency Situations and Directorate for Emergency Situations in Belgrade.

The exercise was based on the scenario of ignition of dispensing equipment in the area of oil storage, with subsequent prevention of further fire spreading and extinguishing the fire. The exercise was preceded by numerous firefighter drills and trainings of the members of the LUKOIL SRBIJA Fire Unit in NB Ostružnica.

The representatives of the present regulatory authorities expressed their satisfaction with successful outcome of the exercise performed by LUKOIL SRBIJA as well as mutual cooperation between all the participants. They also appreciated a high level of the emergency response of the Fire Unit in NB Ostružnica and praised all the team members for their firefighter skills.
