LUKOIL SRBIJA DONATED A SUMMER HOUSE TO OLGA JOVICIĆ RITA KINDERGARTEN

The last project of the year, implemented as part of the program of socially responsible support of LUKOIL SRBIJA to children's institutions, was carried out in Kraljevo at the Olga Jovičić Rita preschool institution. In the presence of the staff of this institution and the children, representatives of LUKOIL SRBIJA handed over the summer house, which will be of great help in carrying out the activities of this kindergarten.

With their creativity, the little ones repaid the company for the attention they received, and wrote a message on an extraordinary mosaic made up of pictures they drew themselves: "Thank you for teaching us what friendship is, for making our dreams come true, and for giving us a beautiful place to play in!"

The program of LUKOIL SRBIJA'S socially responsible activities during 2022 included a total of 16 projects, carefully designed to bring the joy of carefree playing and to contribute to the healthy growth, learning and understanding of the children, of the world around them. Through long-term support of a series of cultural events in Belgrade, LUKOIL has become a recognizable Friend of FEST, the March and Jazz Festivals, Belgrade Day and Freedom Day, fostering the cosmopolitan spirit of Belgrade and its libertarian tradition.
