LUKOIL SRBIJA CONTRIBUTED THE LANDSCAPING OF THE PARK IN BELGRADE

The New Belgrade Park in Block 21, Bulevar Mihajla Pupina 7-9, was renovated thanks to the support of the LUKOIL SRBIJA. The Company's employees pa rticipated in landscaping and planting, assisting green design professionals. More than two hundred pieces of various ornamental shrubs and young trees were set by the Company's activists.

This green action contributes the upgrade program in this area. Previous works included the construction of a children's playground, basketball court and corner for a quiet rest with a chess table. The area was furnished with appropriate park equipment and lawn restoration was performed.

The complete renovation of the Park was conducted in accordance with the Cooperation Agreement concluded and implemented by LUKOIL SRBIJA and the City of Belgrade since 2016. The Company continues to be focused on the support of the city social welfare programs, including cultural, ecological and sport projects.
