LUKOIL SUPPORTED THE OLDTIMER RALLY

The gas station LUKOIL SERBIA "Avalski put" in Belgrade was the starting point of a caravan of vintage cars. The Rally of Princ Tomislav went along the route Belgrade - Mladenovac - Topola - Aranđelovac, 250 kilometers long. This rally is held every year under the patronage of the Karađorđević Royal Family, and LUKOIL SERBIA traditionally supports the event with fuel. This year, 50 selected models of production from the 1920s to the 1970s from the country and abroad arrived.
